

The background of the slide is a high-contrast, industrial scene. It features a large, glowing orange and yellow molten metal surface, likely from a furnace or ladle, which is the primary light source. To the left, there are dark, silhouetted industrial structures, including what appears to be a large wheel or part of a conveyor system. The overall atmosphere is one of intense heat and industrial activity.

OVERVIEW

- Founded year: 2007
- We have 16 experience years on casting black metallurgy (iron, steel and stainless steel, etc.).

INTRODUCE

Nam Truc Company Limited was established on December 20th, 2007, during the booming development of the mechanical and metal casting technology industry in Vietnam. With the mission of serving customers with the best services and products, we have chosen to prioritize quality and reputation. Over eleven years of operation and growth, we have successfully produced and manufactured numerous products that have been exported both domestically and abroad. Our company is equipped with modern facilities and a spacious workshop area to serve our customers and provide the best results.

COMPANY STRUCTURE

MACHINES LIST

ID	NAME	QTY.	Origin
1	Injection wax molding machine	3	Viet Nam
2	Wax case	4	Viet Nam
3	Slurry case	5	Viet Nam
4	Steam autoclave	1	China
5	Sintering furnace	1	Viet Nam
6	High – frequency furnace	1	Viet Nam
7	Shot blasting machine	2	China
8	Medium – frequency furnace	1	Viet Nam
9	Heat treatment furnace	2	Viet Nam
10	Compressor	2	China
11	Lathe	4	-

ID	NAME	QTY.	Origin
12	Drill	1	-
13	Boilers	2	Viet Nam
14	Foam cutting machine 2D	3	Viet Nam
15	Vacuum packing machine	1	Viet Nam
15	Injection shell molding machine	5	China
17	High voltage power station	2	-
18	Metal analyzer	1	Germany
19	Metal hardness tester	1	China
20	Generator	1	-
21	Other	-	-

CASTING TECHNOLOGIES

SAND/SILICA SAND
CASTING

SHELL MOULD
CASTING

LOST FOAM CASTING

LOST WAX CASTING

SAND/SILICA SAND CASTING

- Area: 100 m²
- Equal capacity: 20 ton/month
- Started year: 2011

SHELL MOLD CASTING

- Area: 200 m²
- Equal capacity: 10 ton/month
- Started year: 2011

LOST FOAM CASTING

- Area: 500 m²
- Equal capacity: 80 ton/month
- Started year: 2011

MEDIUM FREQUENCY FURNACE

- Area: 100 m²
- Quantity: 2
- Volume: 1 ton & 1.5 ton

TYPICAL TYPES OF MATERIAL

1

DUCTILE IRON

- Some material grade: FCD450, FCD500, FCD700, etc.
- Typical products: Water supply and drainage industry accessories or fittings, machine components, etc.

2

STAINLESS STEEL

- Some material grade: SS304, SS309, SS316, etc.
- Typical products: Water supply and drainage industry accessories or fittings, machine components, etc.

PRODUCTS MACHINING & FINISHING

- Area: 800 m²
- In order to meet the output requirements of the product, the processing workshop must have a sufficiently large area, as well as the necessary machinery and labor, which are indispensable factors.

REPRESENTATIVE IMAGES

LOST WAX CASTING

- Area: 800 m²
- Max capacity: 50 ton/month
- Started year: Feb/2023

INJECTION MOLDING MACHINE

ENCASING CERAMIC SHELL MOLD

STEAM AUTOCLAVE

SINTERING FURNACE

HIGH – FREQUENCY FURNACE

LOST WAX CASTING PRODUCT

ORIENTATION

1. OBJECTIVES:

- Average growth in revenue: 20% per year
- Average growth in profits: 25% per year
- Expand the industry, improve product quality, and enhance service provision.

2. **CORE VALUE THE COMPANY IS BUILDING:** The core value that we are pursuing is the belief in the effort and entrepreneurial spirit of the company members. With in-house resources, development is activated from a seed of young and highly professional, dynamic, and creative personnel who dare to accept challenges to complete outstanding tasks. Average annual revenue growth: 20% / year. Expand industry, improve product and service quality.

3. **ETHICAL POLICY:** We believe that if we have good abilities and ethics, we will create a good and beautiful working environment and a successful business. We pledge to comply with ethical principles and laws of the country, ensure the health and safety of employees, provide high-quality products and services to customers, take social responsibility, and protect the environment.

Quality Makes Reputation.
